

# Research Scientist

The Research and Productivity Council (RPC) is NB's provincial research organization, a research & technology organization that offers analytical and applied research services. In business since 1962, we serve over 1000 clients annually from our locations in Fredericton, St. George and Moncton, New Brunswick. RPC offers a challenging work environment with the opportunity to work on leading edge science. For more information about us, visit our website at [www.rpc.ca](http://www.rpc.ca).

We are recruiting to fill a position for a **Research Scientist**, out of our Fredericton location and reporting to RPC's Supervisor of Research Services.

## POSITION DESCRIPTION

The Research Scientist will be responsible for conducting experiments that assist with the development of future service lines for RPC as well as other research projects undertaken at the facility. The research scientist will also be responsible for learning analytical validation procedures applicable to experiments in progress. Validation packages to be submitted for accreditation purposes will also be the responsibility of the research scientist under the guidance direction and approval of the Supervisor of Research Services.

## REQUIREMENTS

- Ph.D in Analytical/ Medicinal/Environmental Chemistry or a related field,
- Experience working in an Analytical Lab setting
- An aptitude for working effectively in a fast-paced and technically challenging environment
- Thorough understanding of laboratory QA/QC and electronic data handling.
- Thorough understanding of Microsoft products such as Word and Excel
- Hands on Instrument experience with mass spectrometry and liquid chromatology
- Experience writing SOPs, method validation documents and research reports

## THE FOLLOWING WOULD BE CONSIDERED ASSETS

- Able to work independently as well as within a team setting
- Organization, initiative, and attention to detail are highly desirable
- Experience writing validation reports for ISO 17025 accreditations
- Experience working with clients in a contract lab setting
- Proficient in English and French

This is a full-time position. Hours of work are 8:15 to 4:30 Monday thru Friday. Compensation to be commensurate with education and experience. RPC offers a generous employee benefit plan including a defined benefit pension plan, Top Up for Maternity Leave, generous Wellness rebates, paid leave, and more.

To apply please send your cover letter and resume to [careers@rpc.ca](mailto:careers@rpc.ca) referencing competition **#RS1022** on or before **November 21, 2022**.

*Review of applications will begin as soon as possible and will proceed until a suitable candidate is identified. Only those applicants chosen for an interview will be contacted.*

*RPC is committed to the principle of employment equity.*
